

#### **Music-light**

### 1.Learning goals

In this lesson we mainly know RGB lights and learn how to use Music blocks play music, at the same time, the RGB lights will light up different color.

#### 2.Programming method:

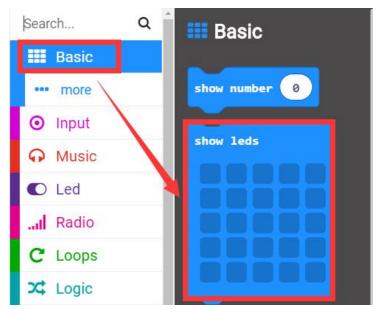

**Mode 1 online programming:** First, we need to connect the micro:bit to the computer by USB cable. The computer will pop up a USB flash drive and click on the URL in the USB flash drive: <a href="http://microbit.org/">http://microbit.org/</a> to enter the programming interface. Add the Yahboom package <a href="https://github.com/lzty634158/yahboom">https://github.com/lzty634158/yahboom</a> mbit en to program.

**Mode 2 offline programming:** We need to open the offline programming software. After the installation is complete, enter the programming interface, click 【New Project】, add Yahboom package:

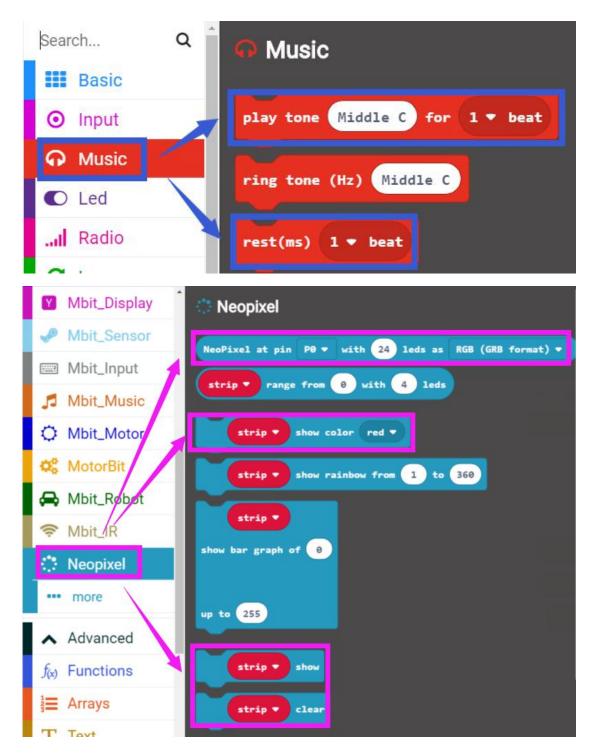

https://github.com/lzty634158/yahboom\_mbit\_en, you can program.

#### 3.Looking for blocks

The following is the location of the building blocks required for this programming.

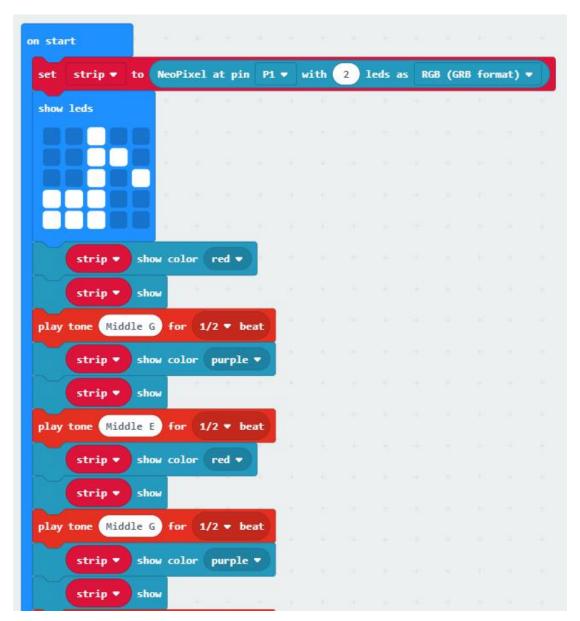

## 4.Combine building block

The summary program is shown below:

```
play tone Middle E for 1/2 ▼ beat
     strip ▼ show color red ▼
              show
     strip 🕶
play tone Middle G for 1/2 ▼ beat
     strip ▼ show color purple ▼
     strip ▼
              show
play tone Middle E for 1/2 ▼ beat
             show color blue ▼
     strip ♥
     strip ▼
             show
play tone (Middle C) for 1 ▼ beat
             show color orange ▼
     strip ▼
     strip 🔻
             show
play tone (Middle D) for 1/2 ▼ beat
     strip ▼
              show color green ▼
     strip ▼
              show
play tone (Middle F) for 1/2 ▼ beat
     strip ▼
             show color purple ▼
     strip ▼
              show
```

```
play tone Middle E for 1/2 ▼ beat
     strip 🔻
             show color orange ▼
     strip ▼
              show
play tone (Middle D) for 1/2 ▼ beat
             show color red ▼
     strip ▼
     strip ▼
             show
play tone Middle G for 2 ▼ beat
     strip ▼
             show color white ▼
     strip 🔻
              show
rest(ms) 1/16 ▼ beat
     strip ▼
             show color red ▼
     strip ♥
              show
play tone Middle G for 1/2 ▼ beat
     strip ▼
             show color purple ▼
              show
     strip ▼
play tone Middle E for 1/2 ▼ beat
             show color red ▼
     strip 🔻
              show
     strip ▼
```

```
play tone Middle G for 1/2 ▼ beat
             show color purple ▼
     strip 🔻
     strip ▼
              show
play tone Middle E for 1/2 ▼ beat
              show color red ▼
     strip 🕶
     strip •
              show
play tone Middle G for 1/2 ▼ beat
             show color purple ▼
     strip •
              show
play tone Middle E for 1/2 ♥ beat
              show color blue ▼
     strip ▼
     strip ▼
              show
play tone (Middle C) for 1 ▼ beat
             show color orange ▼
     strip 🔻
     strip •
              show
play tone Middle D for 1/2 ▼ beat
     strip ▼ show color green ▼
     strip ▼
              show
```

```
play tone Middle F for 1/2 ▼ beat
     strip ▼ show color purple ▼
     strip ▼
              show
play tone (Middle E) for 1/2 ▼ beat
     strip ▼ show color orange ▼
     strip ▼
             show
play tone Middle D for 1/2 ▼ beat
             show color blue ▼
     strip ▼
     strip 💌
              show
play tone Middle C for 2 ▼ beat
             show color orange ▼
     strip ▼
     strip ▼
              show
play tone Middle D for 1/2 ▼ beat
     strip ▼ show color orange ▼
              show
     strip ▼
play tone Middle D for 1/2 ▼ beat
     strip ▼ show color green ▼
     strip ▼
              show
```

```
play tone (Middle F) for 1/2 ▼ beat
     strip ▼
             show color green ▼
     strip 🕶
              show
play tone Middle F for 1/2 ▼ beat
     strip ▼
              show color purple ▼
     strip ▼
              show
play tone Middle E for 1/2 ▼ beat
              show color blue ▼
     strip ▼
     strip ▼
              show
play tone Middle C for 1/2 ▼ beat
     strip ▼
              show color red ▼
     strip 💌
              show
play tone (Middle G) for 1 ▼ beat
     strip ▼ show color orange ▼
     strip ▼
              show
play tone Middle D for 1/2 ▼ beat
              show color green ▼
     strip ▼
     strip ▼
              show
```

```
play tone Middle F for 1/2 ▼ beat
              show color purple ▼
     strip ▼
     strip ▼
              show
play tone Middle E for 1/2 ▼ beat
     strip ▼ show color orange ▼
              show
     strip ▼
play tone Middle D for 1/2 ▼ beat
     strip ▼ show color red ▼
     strip ▼ show
play tone Middle G for 2 ▼ beat
     strip ▼
              show color white ▼
              show
     strip ▼
rest(ms) 1/16 ▼ beat
     strip ▼
              show color red ▼
     strip ▼
              show
play tone Middle G for 1/2 ▼ beat
              show color purple ▼
     strip ▼
     strip ▼
              show
```

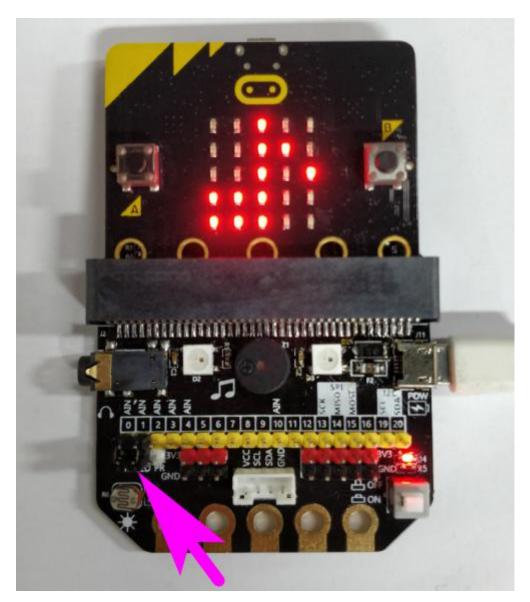

```
play tone Middle E for 1/2 ▼ beat
     strip ▼ show color red ▼
     strip ▼
              show
play tone Middle G for 1/2 ▼ beat
     strip ▼ show color purple ▼
     strip ▼
             show
play tone Middle E for 1/2 ▼ beat
     strip ▼ show color red ▼
     strip ♥
              show
play tone Middle G for 1/2 ▼ beat
     strip ▼
             show color purple ▼
     strip ▼
             show
play tone Middle E for 1/2 ▼ beat
     strip ▼ show color blue ▼
     strip ▼
              show
play tone (Middle C) for 1 ▼ beat
     strip ▼ show color orange ▼
              show
     strip ▼
```

```
play tone Middle D for 1/2 ▼ beat
              show color green ♥
     strip ▼
              show
     strip 🔻
play tone Middle F for 1/2 ▼ beat
              show color purple ▼
     strip ▼
              show
play tone Middle E for 1/2 ▼ beat
              show color orange ▼
     strip ▼
     strip ▼
              show
play tone Middle D for 1/2 ▼ beat
     strip ▼
              show color blue ▼
     strip 🔻
              show
play tone Middle C for 1 ▼ beat
     strip ▼
              clear
     strip ▼
              show
```

Note: The jumper cap needs to be connected to the P0 and FM,the P1 and LED pins on the basic expansion board. As shown below.

# 5. Experimental phenomena

After the program is successfully downloaded, the micro:bit dot matrix is not displayed. When playing music, the RGB light will change the color with the pitch.
